June 3, 2022

Contact: Audrey Martinez / audreym@nezperce.com / (208) 621-3888

1. **Can photographs, headers, and other graphics go outside the 1" Margin?**
 - a. Yes

2. **Can headers be a different size font?**
 - a. Yes – Legibility is more important to us than strict formatting. We'll leave the best judgment to the bidders.

3. **Resumes – would you like full length resumes for key staff attached as an Appendix?**
 - a. Full-length Resumes in the appendix would be perfect.

4. **We are assuming we do not need to include laboratory, drilling, locating, and other related vendor style sub-contractors that will be needed during assessment work.**
 - a. In our "Proposal Requirements" 3.2.B.2 we would like a list of subcontractors. This will help us better understand your management plans and will go towards the points in the "Adequacy of Technical Proposal" category.
