Recycling During COVID

- ◆ Keep gloves, masks, other PPE out of recycling bins.
- ◆ If someone in your home has COVID-19, treat your recyclables as trash.

During COVID, please recycle more and recycle right. Keep gloves, masks, & other PPE out of recycling bins. Bag these items & put in the trash.

“Talkin’ Trash”

Exciting News!!

In June, the first ever freight shipment of cardboard left the Sweetwater Recycling shop on its way to a mill in Oregon where it will be used to produce a variety of renewable fiber-based packaging, pulp and paper products!

Jon & Costas loaded over 34,000 lbs.

Thanks to all of you for recycling your cardboard & making this possible!

We're all in this together—six feet apart, with masks! Stay positive, stay well!!
