### First “Mixed Load” Shipment in March!

The Recycling Program loaded and shipped their fourth freight truck of materials to market in March. Past shipments have all been corrugated cardboard shipped directly to mills in Oregon and Washington. This was our first “mixed load” shipment with 35 bales of material: 20 bales PET #1 and #2, two bales of colored HPDE, four bales of aluminum cans, and five cardboard, all going to a recycling broker in Utah. Prices are stabilizing somewhat although fuel costs for freight have increased greatly since Russia invaded Ukraine. Our staff sort and bale more than 6,000 pounds of materials per month.

### “Talkin’ Trash”

Think Green When Spring Cleaning Begin with the Bin !

Bring Us Your Recyclables:

- #1 & #2 Plastic bottles - empty & rinsed
- Aluminum & Tin cans - empty & rinsed
- Shredded paper - in clear plastic bags
- Office Paper/Catalogs/Magazines/Newspaper
