FUROSHIKI—Learning furoshiki takes some practice, but once you get the hang of it you may never need to use a plastic bag or wrapping paper again! Give it a try! See instructions below or look it up on YouTube!

“Talkin’ Trash”

Tips for wrapping presents:

Keep it simple: The fancier the bags or the paper, the less recyclable it becomes. “Only simple glitter-free, non-laminated paper bags and wrapping paper can go in your recycling bin. All those glitter-laden bags, cellophane wrapping paper and shiny bows are not recyclable and end up in the trash.

Or embrace furoshiki from our Sept 2021 newsletter—see box on the left—find a nice piece of reusable cloth and try one of these wrapping methods!

Other great holiday ideas:

Put out the recycling bin during parties

Choose experiences over products—gifting an experience, like movie or concert tickets or a long weekend out of town

Bring your own reusable shopping bag

Lapwai Recycling Schedule

Community Recycling

December 1, 15, & 29

Páyniwaas Parking Lot , 11 am—1 pm

Office Collections

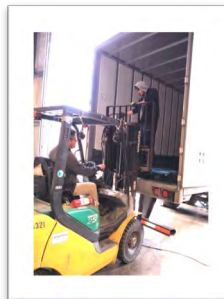

December 8 & 22

The recycling program is always looking for training opportunities and new information to help our staff and improve our program! Two of our Recycling Staff attended

LCSC Forklift Training this month, practicing driving backward for better visual, driving through an obstacle course, and keeping the load on the forks low to the ground when going forward. Lessons learned:

Slow is smooth and smooth is fast!
